## OBJECTIVE

A motivated and goal-oriented Computer Science and Engineering student with a strong academic background and hands-on project experience. Eager to apply technical expertise, problem-solving skills, and a passion for innovation to contribute to the growth and success of a dynamic organization.

## EDUCATION

Kamaraj College of Engineering and Technology(B.E CSE) | CGPA:8.2

2022-2026

## PROJECTS

### Online Chatbot Ticketing System

- Developed a web-based museum chatbot ticketing system that provides information on museum history, exhibits, and categories, while handling user queries and enabling online ticket booking
- Technologies used: HTML, CSS, JavaScript, PHP, MySQL, XAMPP.

### Bank Loan Prediction

- Developed a machine learning model to predict the likelihood of loan approval based on applicant data such as income, credit history, and loan amount.
- Tools used: Jupyter Notebook, PyCharm.

### Improving Readability Through Normalization in NLP

- Developed a web-based NLP application that improves text readability by simplifying complex sentences through text normalization techniques.
- Integrated features such as Text-to-Speech, PDF-to-Speech, OCR-based text extraction, text simplification, and symbol recognition to support dyslexic and general users.
- Technologies used: Python(Flask), NLP, OCR, HTML, CSS, JavaScript.

## INTERNSHIP

### Cool Dreamers, Sivakasi — Bank Loan Prediction

- Gained practical experience in applying machine learning concepts to real-world financial data.
- Enhanced skills in Python, model building, data preprocessing, and evaluation metrics.

## TECHNOLOGIES

- **Languages:** Java
- **Design Tools:** Canva,Figma
- **Web Technologies/Frameworkes:**HTML, CSS, React.js, Flask, Node.js
- **Database:** MySQL
- **Developer Tools:** Visual Studio Code, PyCharm, Jupyter Notebook

## TECHNICAL ACHIEVEMENTS

- AWS Certified Cloud Practitioner (International Certificate) — AWS, 2025
- SkillRack: Rank—53,108—Bronze—132—Problems Solved—548— SkillRack Profile: 22ucs057@kcet
- Published paper titled “Improving Readability Through Normalization Using NLP” in TANZ Journal (ISSN: 1869-7720) Scopus Indexed.
- International Conference: Presented a paper on “Chatbot-Based Ticketing System” at Velammal Institute, March 2025.
